Testimonials

"I Can't say enough about Happy Feet...I spend way too much time on my feet and they take a beating. Its real Asian Reflexology for your feet. Its super clean...the atmosphere is calm and relaxing. Ther serve some tea, coffee, water or soda and a plate of orange slices if you like. Your feet are soaked in some hot water and minerals for about 15 minutes during that time they work on your head, neck, and upper body. I have been there 5 or 6 times and I have never been disappointed, my wife swears its magic. Its a legitimate place so don't go there looking for anything but a great treatment. I am hooked. After 10 visits you get 1 hour for free or after 5 you get 30 minutes free. Happy Feet Spa is fantastic.
